Test Piece Laudate Dominum

good misc brass to open, just a touch steady tempo wise. Well played horn & euph from Allegro this flows on in good style. A ~~nice~~ nice easy flow in the Siciliano but intonation not always as good as it might be and also with a few "clicks" along the way. (H) is accurate with good attention given to dynamics and all detail. (T) could have been touch richer in tone I feel, cornets & trombones. Euph. plays well from (M) some nicely balanced laying along here towards (G) Well done basses rhythmic & accurate, other sections follow likewise good sounds from the sustained tone and a good strong positive final section. Very enjoyable performance, well played.
